IMPORTANT NOTE.—Directions as to keeping official logs and extracts from the Merchant Shipping Act, 1958 are printed at the beginning and at the end of this book and also at the top and/or bottom of each page where applicable.

DIRECTIONS AS TO KEEPING OFFICIAL LOGS.

The importance of keeping this book properly, and duly making all the entries at the proper time, and with the strictest regard to form, cannot be too strongly impressed on shipmasters. By neglecting to do so shipmasters render themselves liable to heavy penalties, and their owners to serious loss whilst members of their crew will suffer inconvenience from not being able to obtain records of their services. The absence of proper entries will also prevent fines or forfeitures from being enforced and will tend to prevent the maintenance of discipline.

Care must be taken whenever there is a change of master to see that documents handed over are up-to-date.

Entries must be made in order of date, and no blanks should be left.

If any entry in the Official Log relates in any way to a member of the crew the page number is to be entered against the man's name in the Official Log and Index.

NOTE.—It is very desirable that the following entries should be made in the Official Log Book:—

1. Every case in which the allowance of provisions is reduced, together with the quantity, or quantities, of the article, or articles so reduced.
2. Every case in which a member of the crew is promoted to a higher grade of service with the date of such promotion, the grade and the rate of wages which the seaman is to receive.
3. In cases of illness, frequent entries (daily if possible) showing the progress and treatment of the patient.
4. Every case of drunkenness or misconduct on the part of any certificate holder, Mate or Engineer, whether the Master wishes the case to be investigated or not.
5. Every important accident or damage to ship or cargo.

The following are the chief statutory provisions relating to Official Logs:—

MERCHANT SHIPPING ACT, 1958.

Official logs to be kept to be dated.

212. (1) An official log shall be kept in the prescribed form in every Indian ship except a home-trade ship of less than two hundred tons gross.

(2) The official log may, at the discretion of the master or owner, be kept distinct from or united with the ordinary ship's log so that in all cases the space in the official log book be duly filled up.

Entries in official log books how and when to be made.

213. (1) An entry required by this Act in the official log book shall be made as soon as possible after the occurrence to which it relates, and, if not made on the

same day as that occurrence, shall be made and dated so as to show the date of the occurrence and of the entry respecting it and if made in respect of an occurrence happening before the arrival of the ship at her final port of discharge, shall not be made more than twenty-four hours after that arrival.

(2) Save as otherwise provided in this Act, every entry in the official log book shall be signed by the master and by the mate or some other member of the crew and also—

(a) if it is an entry of injury or death, shall be signed by the medical officer on board, if any; and

(b) if it is an entry of wages due to or the property of a seaman or apprentice who dies, shall be signed by the mate and by some member of the crew besides the master.

(3) Every entry made in an official log book in the manner provided by this Act shall be admissible in evidence.

Entries required to be made in official log books.

214. (1) The master of a ship for which an official log is required shall enter cause to be entered in the official log book the following matters, namely:—

(a) every conviction by a legal tribunal of a member of his crew and the punishment inflicted;

(c) every offence for which punishment is inflicted on board and the punishment inflicted;

(d) a report on the quality of work of each member of his crew; or a statement that the master declines to give an opinion thereon with a statement of his reasons for so declining;

(e) every case of illness, hurt or injury happening to a member of the crew with the nature thereof and the medical treatment adopted (if any);

(f) every case of death happening on board and the cause thereof, together with such particulars as may be prescribed;

(g) every birth happening on board, with the sex of the infant, the names of the parents and such other particulars as may be prescribed;

(h) every marriage taking place on board with the names and ages of the parties;

(i) the name of every seaman or apprentice who ceases to be a member of the crew otherwise than by death, with the place, time, manner and cause thereof;

(j) the wages due to any seaman or apprentice who dies during the voyage and the gross amount of all deductions to be made therefrom;

(k) the money or other property taken over of any seaman or apprentice who dies during the voyage;

(l) any other matter which is to be or may be prescribed for entry in the official log.

(2) The master of every such ship, upon its arrival at any port in India or at any other time and place as the Central Government may with respect to any ship or class of ships direct, shall deliver or transmit, in such form as the Director-General may specify, a return of the facts recorded by him in respect of the birth of a child, or the death of a person on board the ship to the Director-General.

Offences in respect of official logs.

215.—(1) An official log book shall be kept in the manner required by this Act, and an entry directed by this Act to be made therein shall be made at the time and in the manner directed by this Act.

(2) No person shall make or procure to be made or assist in making any entry in any official log book in respect of any occurrence happening previously to the arrival of the ship at her final port of discharge more than twenty-four hours after such arrival.

Delivery of official logs to shipping masters.

216.—The master of every ship for which an official log book is required to be kept under this Act shall, within forty-eight hours after the ship's arrival at her final port of destination in India or upon the discharge of the crew, whichever first happens, deliver the official log book of the voyage to the shipping master before whom the crew is discharged.

Official logs to be sent to shipping master in case of transfer of ship or loss.

217.—(1) If for any reason the official log ceases to be required in respect of an Indian ship, the master or owner of the ship shall, if the ship is then in India within one month, and if she is elsewhere within six months, after the cessation, deliver or transmit to the shipping master at the port to which the ship belonged the official log book duly completed up to the time of cessation.

(2) If a ship is lost or abandoned, the master or owner thereof shall, if practicable and as soon as possible, deliver or transmit to the shipping master at her port of registry the official log book, duly completed up to the time of the loss or abandonment.

NOTE.—(i) If the master of a ship or any person fails without reasonable cause to comply with the provisions of the above sections, he shall be liable to a fine to the extent shown below, vide S436(2) of the Merchant Shipping Act, 1938:—

(b) S. 215(1)—Fine which may extend to fifty rupees, if no other penalty is provided in the Act.

(c) S. 215(2)—Fine which may extend to three-hundred rupees.

(d) S. 216—Fine which may extend to two-hundred rupees.

(e) S. 217—Fine which may extend to one-hundred rupees.

(ii) If any person wilfully destroys or mutilates or renders illegible any entry in any official log book or wilfully makes or procures to be made or assists in making a false or fraudulent entry in or omissions from an official log book, he shall be liable to imprisonment which may extend to one year.

EXTRACTS FROM THE MERCHANT SHIPPING ACT, 1938 RELATING TO MASTERS AND SEAMEN.*Special provisions with regard to agreement with crews of Indian ships.*

103.—(1) The following provisions shall have effect with respect to every agreement made in India with the crew of an Indian ship, namely:—

(a) the agreement shall, subject to the provision of this Act as to substitution, be signed by each seaman in the presence of a shipping master;

(b) the shipping master shall cause the agreement to be read over and explained to each seaman, in a language understood by him or shall otherwise ascertain that each seaman understands the same before he signs it, and shall attest each signature.

(c) when the crew is first engaged, the agreement shall be signed in duplicate, and one part shall be retained by the shipping master, and the other part shall be delivered to the master and shall contain a special

place or form for the descriptions and signatures of substitutes or persons engaged subsequently to the first departure of the ship:

- (d) when a substitute is engaged in the place of a seaman who has duly signed the agreement and whose services are within twenty-four hours of the ship's putting to sea lost by death, desertion or other unforeseen cause, the engagement shall, if practicable, be made before a shipping master, and if not practicable, the master shall, before the ship puts to sea, if practicable, and if not, as soon afterwards as possible, cause the agreement to be read over and explained to the substitute; and the substitute shall thereupon sign the same in the presence of a witness, who shall attest the signature.

(2) In the case of an agreement made in India with the crew of a foreign-going Indian ship, the following provisions shall have effect in addition to the provisions specified in sub-section (1), namely:—

- (a) the agreement may be made for a voyage of the ship or, if the voyages of the ship average less than six months in duration, may be made to extend over two or more voyages, and agreements so made are in this Act referred to as running agreements:—
- (b) a running agreement may be made to extend over two or more voyages so that it shall terminate either within six months from the date on which it was executed, or on the first arrival of the ship at her port of destination in India after the expiration of that period, or on the discharge of cargo consequent upon such arrival, whichever of these dates shall be the latest:

Provided that no such running agreement shall continue in force, if, after the expiration of such period of six months as aforesaid, the ship proceeds on a voyage from a port outside India to any other such port which is not on the direct route or a customary route to her port of destination in India;

- (c) on every return to a port in India before the final termination of a running agreement, the master shall discharge or engage before the shipping master at such port any seaman whom he is required by law so to discharge or engage, and shall upon every such return endorse on the agreement a statement (as the case may be) either that no such discharges or engagements have been made or are intended to be made before the ship leaves port, or that all those made have been made as required by law;
- (d) the master shall deliver the running agreement so endorsed to the shipping master, and the shipping master shall, if the provisions of this Act relating to agreements have been complied with, sign the endorsement and return the agreement to the master.

(3) In the case of an agreement made in India with the crew of a home-trade Indian ship of two hundred tons gross or more, the following provisions shall have effect in addition to the provisions specified in sub-section (1), namely:—

- (a) the agreement shall not be for a period longer than six months, but if the period for which the agreement was entered into expires while the ship is not in an Indian port, the agreement shall continue in force until the ship is again in an Indian port:

Provided that, except with the consent in writing of the seaman concerned, the agreement shall not continue in force for more than three months after the expiration of the period for which it was entered into;

- (b) an agreement for service in two or more ships belonging to the same owner may be made by the owner instead of by the master, and the provisions of this Act with respect to the making of the agreement shall apply accordingly.

Wages and other property of seamen or apprentice left behind:

132.—(1) If a seaman or apprentice is left behind, the master shall enter in the ship's log book a statement of the amount due to the seaman or apprentice in

respect of wages at the time when he was left behind and of all property left on board by him, and shall take such property into his charge.

(2) Within forty-eight hours after the arrival of the ship at the port in India at which the voyage terminates, the master shall deliver to the shipping master—

- (a) a statement of the amount due to the seaman or apprentice in respect of wages, and of all property left on board by him; and
- (b) a statement, with full particulars, of any expenses that may have been caused to the master or owner of the ship by the absence of the seaman or apprentice, where the absence is due to a contravention by the seaman or apprentice of section 191;

and, if required by the shipping master to do so, shall furnish such vouchers as are reasonably required to verify the statements.

(3) The master shall at the time when he delivers the statements referred to in sub-section (2) to the shipping master also deliver to him the amount due to the seaman or apprentice in respect of wages and the property that was left on board by him, and the shipping master shall give to the master a receipt therefor in the prescribed form.

(4) The master shall be entitled to be reimbursed out of the wages or property referred to in clause (a) of sub-section (2) such expenses shown in the statement referred to in clause (b) of that sub-section as appear to the shipping master to be properly chargeable.

Disrating of Seamen.

128.—(1) Where the master of a ship disrates a seaman, he shall forthwith enter or cause to be entered in the official log book a statement of the disrating, and furnish the seaman with a copy of the entry; and any reduction of wages consequent on the disrating shall not take effect until the entry has been so made and the copy so furnished.

(2) Any reduction of wages consequent on the disrating of seaman shall be deemed to be a deduction from wages within the meaning of sections 125 and 127.

Decision of questions by shipping masters

132.—(1) Where under the agreement with the crew any dispute arises at any port in India between the master, owner or agent of a ship and any of the crew of the ship, it shall be submitted to the shipping master,—

- (a) where the amount in dispute does not exceed three hundred rupees of the instance of either party to the dispute;
- (b) in any other case, if both parties to the dispute agree in writing to submit the dispute to the shipping master.

(2) The shipping master shall hear and decide the dispute so submitted and an award made by him upon the submission shall be conclusive as to the rights of the parties, and any document purporting to be such submission or award shall be prima facie evidence thereof.

(3) An award made by a shipping master under this section may be enforced by a magistrate in the same manner as an order for the payment of wages made by such magistrate under this Act.

(4) Nothing in the Arbitration Act, 1940, shall apply to any matter submitted to a shipping master for decision under this section.

Power of shipping master to require production of ship's papers

133.—In any proceedings under this Act before a shipping master relating to the wages, claims or discharge of a seaman, the shipping master may require the owner, master or agent or any mate or other member of the crew to produce any log books, papers, or other documents in his possession or power relating to any matter in question in the proceedings, and may require the attendance of and examine any of those persons being then at or near the place on the matter.

Rule as to payment to seamen in foreign currency

134.—Where a seaman or apprentice has agreed with the master of a ship for payment of his wages in Indian or other currency, any payment of, or on account of, his wages, if made in any currency other than that stated in the agreement, shall, notwithstanding anything in the agreement, be made at the rate of exchange for the time being current at the place where the payment is made.

Master to take charge of the effects of deceased Seamen.

132.—(1) If any seaman or apprentice engaged on any ship, the voyage of which is to terminate in India, dies during that voyage, the master of the ship shall report the death to the next-of-kin of the seaman or apprentice and to the shipping master at his port of engagement and shall take charge of any money or effects belonging to the seaman or apprentice which are on board the ship.

(2) The master shall thereupon enter in the official log book the following particulars, namely:—

(a) a statement of the amount of money and a detailed description of the other effects;

(b) a statement of the sum due to the deceased for wages and of the amount of deduction, if any, to be made from the wages.

(3) The said money, balance of wages and other effects are in this Act referred to as the property of the seaman or apprentice.

Master to pay and deliver property of deceased seamen

134.—(1) If the master of a ship fails to comply with the provisions of this Act with respect to taking charge of the property of a deceased seaman or apprentice, or to making in the official log book the proper entries relating thereto, or to the payment or delivery of such property, he shall be accountable for such property to the Shipping master as aforesaid, and shall pay and deliver the same accordingly.

(2) The property may be recovered in the same court and manner in which the wages of seamen may be recovered under this Act.

Ships to have sufficient provisions and water

133.—(1) All Indian ships and all ships upon which seamen have been engaged shall have on board sufficient provisions and water of good quality and fit for the use of the crew on the scale specified in the agreement with the crew.

(2) If any person making an inspection under section 170 finds the provisions or water to be of bad quality and unfit for use or deficient in quantity, he shall signify it in writing to the master of the ship and may, if he thinks fit, detain the ship until the defects are remedied to his satisfaction.

(3) The master shall not use any provisions or water so signified to be of bad quality and shall in lieu of such provisions or water, provide other proper provisions or water and he shall, if the provisions or water be signified to be deficient in quantity, procure the requisite quantity of any provisions or water to cover the deficiency.

(4) The person making the inspection shall enter a statement of the result of the inspection in the official log book, and shall, if he is not the shipping master, send a report thereof to the shipping master and that report shall be admissible in evidence in any legal proceeding.

(6) The master of the ship and any other person having charge of any provisions or water liable to inspection under this section shall give the person making the inspection every reasonable facility for the purpose.

(3) The expenses of all medicines, and surgical and medical advice, attendance and treatment, given to a master, seaman or apprentice while on board his ship, shall be defrayed in like manner.

(4) In all other cases any reasonable expenses duly incurred by the owner for any master, seaman or apprentice in respect of illness, shall, if proved to the satisfaction of the Indian consular officer or a shipping master, be deducted from the wages of the master, seaman or apprentice.

(5) Where any expenses referred to in this section have been paid by the master, seaman or apprentice himself, the same may be recovered as if they were wages duly earned, and, if any such expenses are paid by the Government, the amount shall be a charge upon the ship and may be recovered with full costs of suit by the Central Government.

Load-Line Duty of Loading and Freeboard.

The Merchant Shipping Act, 1958, Section 312 to 319 & 436(2)

Provides amongst other things, as follows:—

Marking of deck line and load line.

312.—(1) No Indian ship, being a ship of which the keel was laid after the 30th day of June, 1932, and not being exempt from the provisions of this Part relating to load lines, shall proceed to sea unless—

- (a) the ship has been surveyed in accordance with load line rules;
- (b) the ship complies with the conditions of assignment;

- (c) the ship is marked on each side with a mark (hereafter in this Act referred to as a deck line) indicating the position of the uppermost

complete deck as defined by the load line rules, and with marks (hereafter in this Act referred to as load lines) indicating the several maximum depths to which the ship can be safely loaded in various circumstances prescribed by the load line rules;

(d) the deck line and load lines are of the description required by the load line-rules, the deck line is in the position required by those rules, and the load lines are of the number required by such of those rules as are applicable to the ship; and

(e) the load lines are in the position required by such of the load line rules as are applicable to the ship.

(2) No Indian ship, being a ship of which the keel was laid before the 1st day of July, 1932, and not being exempt from the provisions of this Part relating to load lines, shall proceed to sea unless—

(a) the ship has been surveyed and marked in accordance with clauses (a), (c) and (d) of sub-section (1);

(b) the ship complies with the conditions of assignment in principle and also in detail so far as, in the opinion of the Central Government, is reasonable and practicable having regard to the efficiency of the protection of openings, the guard rails, the freeing ports and the means of access to the crew's quarters provided by the arrangements, fittings and appliances existing on the ship at the time when she is surveyed under this section; and

(c) the load lines are either in the position required by clause (e) of sub-section (1) or in the position required by the tables used by the Board of Trade of the United Kingdom on the 31st day of December, 1906, for fixing the position of load lines, subject to such modifications of those tables and of the application thereof as were in force, immediately before the 5th day of July, 1930.

(3) Any ship attempting to proceed to sea without being surveyed and marked as required by this section may be detained until she has been surveyed and marked, and any ship which does not comply with the conditions of assignment to the extent required in her case by this section shall be deemed to be unsafe for the purpose of section 336.

Submersion of load lines.

313.—(1) An Indian ship (not being exempt from the provisions of this Part relating to load lines) shall not be so loaded as to submerge in salt water, when the ship has no list, the appropriate load line on earth side of the ship, that is to say, the load line indicating or purporting to indicate the maximum depth to which the ship is for the time being entitled under the load line rules to be loaded.

(2) Without prejudice to any other proceedings under this Act, any ship which is loaded in contravention of this section may be detained until she ceases to be so loaded.

Maintenance of load marks.

314.—(1) No owner or master of an Indian ship which has been marked in accordance with the foregoing provisions of this Part, shall, without reasonable cause, fail to keep the ship so marked.

(2) No person shall conceal, remove, alter deface or obliterate or suffer any person under his control to conceal, remove, alter, deface or obliterate any mark placed on any such ship in accordance with the foregoing provisions of this Part except with the authority of a person entitled under the load line rules to authorise the alteration of the mark or except for the purpose of escaping capture by an enemy or by a foreign ship of war in the exercise of some belligerent right.

Publication of load line certificate and particulars relating to depth of loading.

315.—(1) When a load line certificate has been issued in pursuance of the foregoing provisions of this Part in respect of an Indian ship other than a home-trade ship of less than two hundred tons gross—

(a) the owner of the ship shall forthwith on the receipt of the certificate cause it to be posted up in some conspicuous place on board the ship,

and to be kept so posted up and legible so long as the certificate remains in force and the ship is in use; and

- (b) the master of the ship, before making any other entry in any official log book, shall enter or cause to be entered therein the particulars as to the position of the deck line and load lines specified in the certificate.

(2) Before any such ship leaves any dock, wharf, harbour or other place for the purpose of proceeding to sea, the master thereof shall—

- (a) enter or cause to be entered in the official log book such particulars relating to the depth to which the ship is for the time being loaded as the Central Government may by rules made in this behalf prescribe; and

- (b) cause a notice, in such form and containing such of the said particulars as may be required by the said rules, to be posted up in some conspicuous place on board the ship and to be kept so posted up and legible until the ship arrives at some other dock, wharf, harbour or place:

Provided that the Central Government may by the said rules exempt home-trade ships or any class of home-trade ships from the requirements of clause (b) of this sub-section.

Penalties.

436.—(1) Any person who contravenes any provision of this Act or fails to comply with any provision thereof which it was his duty to comply with, shall be guilty of an offence; and if in respect of any such offence no penalty is specially provided in sub-section (2), he shall be punishable with fine which may extend to two hundred rupees.

(2) The offences mentioned in the second column of the following table shall be punishable to the extent mentioned in the fourth column of the same with reference to such offences respectively.

100	If any ship is loaded in contravention of section 313.	313	The master or owner shall be liable to fine which may extend to ten thousand rupees and to such additional fine not exceeding one thousand rupees for every inch or fraction of an inch by which the appropriate load lines on each side of the ship are submerged or would have been submerged if the ship had been in salt waters and had no list, as the court thinks fit to impose, having regard to the extent to which the earning capacity of the ship is or would have been increased by reason of the submersion. Provided that it shall be a good defence for the master or owner to prove that a contravention was due solely to deviation or delay caused solely by stress of weather or other circumstance which neither the master nor the owner nor the charterer if any, could have prevented or forestalled.

The maximum draught of water in summer is the draught of water which should be shown on the scale of feet decimetres on the stem and stern post of a ship if she were so loaded that the upper edge of the summer load line was on the surface of the water and the ship were upright on an even keel.

NOTES

- The above particulars, and particulars of depths of loading as detailed on the following pages are to be recorded before the ship leaves any dock, wharf, pier or other place for the purpose of proceeding to sea.
- The actual free board amidships on each side of the ship is to be measured from the upper edge of the deck line to the surface of the water, when the

ship is loaded and ready to leave. The actual "mean" free board is the mean of the actual free boards, port and starboard, measured as indicated above.

3. Form L.L. 14A (India) or Form L.L. 14B-India (Timber Ship) is to be posted up in some conspicuous place on board the ship before she leaves any dock, wharf, harbour or other place for the purpose of proceeding to sea, and the Notice is to be kept so posted up and legible until the ship arrives at some other dock, wharf, harbour or place. The date and time of posting the Notice is to be entered in column 15.

4. No entries are required in columns 8-14 when the actual mean free board (Column 7) is not less than the appropriate salt water free board.

5. If, in determining density of water, use is made of a hydrometer on which the reading at the top of the scale is 1000 or 00, meaning "full-fresh water", the hydrometer reading gives the density to be entered, e.g., a reading of 15 of such hydrometers means a density of 1015. If the hydrometer used has the scale reversed, i.e., if the reading 00 is at the bottom of the scale and means "full salt water" the density must be obtained by subtracting the hydrometer reading from 1025, e.g., if the reading is at 15, the density to be entered will be 1010.

6. The Winter North Atlantic Load line, if assigned, applies to voyages across the North Atlantic, north of latitude 36°N. during the winter months as defined in the Load Line Rules, 1934, and shown on the chart which forms part of these Rules. The periods during which the other seasonal load lines apply in different parts of the world are as indicated in the said Rules and chart.

7. Penalty.—Failure to enter the required particulars of load line, depth loading, etc., in the Official Log Book at the proper time renders the Master or Owner liable to a fine which may amount to two hundred rupees.

MARRIAGES, BIRTHS AND DEATHS OF MEMBERS OF THE CREW, AND OTHER PERSONS ON BOARD WHICH HAVE OCCURRED DURING THE VOYAGE

Marriages.—Section 214(1)(h) of the Merchant Shipping Act, 1958, requires the Master of the ship to enter in his official Log the particulars of every marriage that has taken place on board.

Births and Deaths.—The duties of the Master with regard to the registry of births and deaths on board ship are defined in the following extracts from Section 214(1) of the Merchant Shipping Act, 1958:—

"214. (1) The master of a ship for which an official log is required shall enter or cause to be entered in the official log book the following matters, namely:—

(f) Every case of death happening on board and the cause thereof, together with such particulars as may be prescribed;

(g) every birth happening on board, with the sex of the infant, the names of the parents and such other particulars as may be prescribed."

If the Master of any ship fails to comply with any requirements of this section, he shall be liable for each offence to a fine which may extend to two hundred rupees.

In addition to the brief statement of the "Cause of Death" in the following tabular statement, the Master should be careful to add in the body of the official log book full particulars of all the circumstances attending the death, more particularly in the case of murder, disappearance or suicide.

If a fatal accident occurs on board by reason of any damage in the ship, or to any part of it, or to the cargo, the details, as stated above should be entered in a similar manner.

If a death occurs in a port, the name of the port should be given, and it should be stated whether the death occurred on board or in hospital.

If a seaman dies on shore from an accident which happened, or from a disease which developed while he was a member of the crew, it is desirable that an entry of the death should be made in the same way.

Supplementary requirements as to entries in official logs of passenger ships

The above convention requires that the following entries shall be made in the official log book of any sea-going passenger ships registered in India:—

- (5) Any portable plate closing any opening in a bulkhead, being an opening which is wholly or partly below the margin line [see Notes (c) and (g)].

- (6) All side-scuttles in any between deck space wherein the sill of any side-scuttle which can be opened is below a line situated a certain distance above the water at the time when the steamer proceeds to sea (see Note (d)).

Practices of opening and closing of watertight doors

II. A record of every occasion on which the opening and closing of the watertight doors and other contrivances specified below is practised [see Note (e)]:—

- (1) All watertight doors in main transverse bulkheads and the mechanism and indicators connected therewith.
- (2) Every valve, the closing of which is necessary to make a compartment watertight (including valves fitted to watertight bulkheads and flats, as well as the valves referred to in II(4) and other valves fitted to the ship's side below the margin line).

NOTES

Opening and closing of doors, side-scuttles, etc.

(a) The doors as mentioned in paragraph I above are to be kept closed while the steamer is at sea, except so far as it is necessary to open them for the working of the steamer; when open they are to be kept ready to be closed forthwith.

(b) The doors, side-scuttles and ports mentioned in paragraph I(2), (3) and (4) above are to be securely closed so as to be watertight before the steamer proceeds to sea, and shall always be kept closed while the steamer is at sea.

(c) The portable plates mentioned in paragraph I(5) above shall be in place before the steamer proceeds to sea, and shall not be removed at sea except in case of urgent necessity. In replacing any such plate, all reasonable precautions shall be taken to ensure that the joints are watertight.

(d) The line referred to in paragraph I(6) above is an imaginary line drawn on the side of the steamer parallel to the bulkhead deck [defined in Note (g)] and having its lowest point $2\frac{1}{2}$ per cent of the breadth of the ship, plus $4\frac{1}{2}$ feet or plus $3\frac{1}{2}$ feet in the tropical zone or in a seasonal tropical area during the appropriate tropical period as defined in the Load Line Rules) above the water when the steamer proceeds to sea.

All side-scuttles in any between deck space in which the sill of any side-scuttle of the opening type is below the line so defined must be securely closed so as to be watertight and must be locked before the steamer goes to sea, and must be kept closed and locked so long as the steamer remains at a draught at which the sill of any such side-scuttle is below the line so defined.

Practices

(e) Subject to what is stated in the foregoing Notes as to keeping certain doors and other contrivances closed at sea, the opening and closing of the contrivances mentioned in paragraph II above is to be practised once a week and before the steamer proceeds to sea on any voyage which is likely to last more than a week, and the opening and closing of hinged or power-operated watertight doors which are in use is to be practised daily while the steamer is at sea.

Inspections

(f) All the contrivances mentioned in paragraph III above are to be inspected at least once a week.

Definitions

(g) The bulkhead deck is the uppermost deck upto which the transverse watertight bulkheads are carried.

(h) The margin line is a line drawn parallel to the bulkhead deck at side and 3 inches below the upper surface of that deck at side.

(j) In order to simplify and shorten the entries in the Log-Book, it may be found convenient to refer to each particular door or other contrivance in the ship by a symbol or a number, and if this is done, the symbols or numbers should be detailed on page 1 of this Log-Book, together with the particulars of the contrivance to which each symbol or number refers.

INSTRUCTIONS TO MASTERS**I. Agreements**

1. Every erasure, interlineation or alteration in this Agreement (except additions made for the purpose of shipping substitutes or persons engaged subsequent to the first departure of the ship) shall be wholly inoperative, unless proved to have been made with the consent of all persons interested in such erasure, interlineation or alteration by the written attestation, if made in India, of Shipping Master or Customs Collector or, if made of India, with the consent of an Indian Consular Officer.

2. To enable the Crew to know the contents of the Agreement the Master, at the commencement of the voyage, is bound under a penalty of fifty rupees to have a legible copy (omitting the signatures) posted up at a conspicuous place in the ship which is accessible to the Crew.

II. Young persons and children

3. The Agreement with the crew must include a list of all young persons under the age of 18 years who are Members of the Crew together with particulars of the dates of their Birth (see page). The employment of children under the age of 15 years is prohibited.

III. Engagement of Crews and Seamen in India

4. The Master of every foreign-going ship engaging a crew at a port in India, shall do so in the presence of a Shipping Master.

5. Before the engagement of the Crew is proceeded with, the Master must—

(a) Produce the Certificate of Competency for himself, his Mates, and his Engineers and Radio Officer, and

(b) Produce the apprentices destined for the voyage, together with their indentures.

(c) Produce the load line certificate and insert in the Agreement the particulars as to the positions of the deck line and load lines specified in the certificate.

6. Upon the Master complying with the above-mentioned Regulations the Shipping Master will, when the engagement of the Crew has been completed, give him a certificate for clearance outwards.

7. The Master of every foreign-going ship, the Crew of which has been engaged before a Shipping Master, shall before finally leaving the port where the engagement took place, sign and send to the nearest Shipping Master, a full and accurate statement in the form sanctioned by the Government of India of every change which has taken place in his crew and in default shall for each offence incur a penalty not exceeding fifty rupees. Such a statement shall be admissible in evidence.

8. In the case of Substitutes engaged in the place of Seamen who have duly signed the Agreement and whose services are within twenty-four hours of the ship's putting to sea lost by death, desertion or other unforeseen cause, the engagement shall, if practicable, be made before a Shipping Master, and whenever such engagement cannot be so made, the Master shall, before the ship puts to sea, if practicable, and, if not, as soon afterwards as possible, cause the Agreement to be read over and explained to the substitutes, who shall thereupon sign the same in the presence of a witness, who shall attest their signatures.

9. When a substitute is engaged as aforesaid, the Master shall, before engaging him, ensure that such Seaman is in possession of a valid Medical Certificate and, if there is in existence at that port a Seamen's Employment Office, that he is duly registered at that office.

10. Carrying any Seaman to sea without entering into an Agreement subjects the Master to a penalty of one hundred rupees for each seaman.

IV. Engagement of Crews & Seamen abroad

11. When the Master of an India ship engages a Seaman at any port outside India, he shall, before carrying the Seaman to sea, procure the sanction of the Indian Consular Officer, if any, at that port, and shall, if not contrary to any law in force at that port, engage the Seaman before that Officer. The Master shall request the Indian Consular Officer to endorse upon the Agreement an attestation to the effect that it has been signed in his presence and otherwise made as required by the Merchant Shipping Act, 1958, and that it has his sanction; if such attestation is not made, the burden of proving that the engagement was made as required by the above-mentioned Act shall lie upon the Master. If the above provisions are not complied with, the Master shall be liable for each offence to a fine which may extend to one hundred rupees.

12. Where a Seaman is transferred under this Agreement from one ship to another, the Master of the ship from which the seaman is transferred shall, as soon as practicable, transmit to the Master of the other ship, along with the Seaman, all documents in his possession relating to the Seaman.

V. Premature discharge or leaving behind

13. The Master of a ship shall not discharge a Seaman before the expiration of the period for which he was engaged, unless the Seaman consents to his discharge, or, except in circumstances beyond his control, leave the Seaman behind without the authority of a Shipping Master or an Indian Consular Officer and shall obtain endorsed on the Agreement with the Crew, the certificate of such Officer stating that he has granted his authority and also the reason for the Seaman being discharged or left behind; the presence or absence of this certificate will largely determine the owner's liability for the expenses incurred should the Seaman fall in distress.

VI. Advances

14. When advances are made to Members of the Crew during the voyage, the actual amounts advanced, together with the equivalent in Indian Currency and the rate of exchange, should always be recorded and entered in the account of wages. The rate of exchange should be that current at the time and place of paying the advance, as endorsed on the Articles of Agreement by the Indian Consular Officer at the port. To avoid disputes, Masters are requested to obtain the signature/thumb print from each individual Seaman for each advance of money or tobacco. Cash advances are to be handed over to each Seaman personally.

VII. Death of Seaman or Apprentice on Board

15. Whenever a Seaman or Apprentice engaged on a ship, (the voyage of which is to terminate in India), dies during such voyage, the Master shall report the death by cable or radio message to the next-of-kin of the Seaman or Apprentice and to the Shipping Master at the port of engagement and shall take charge of the money and effects of the Seaman or Apprentice which are on board, and shall enter in the Official Log-Book a statement of the money and a description of the effects left by the deceased.

16. The Master shall, if the ship before coming to India, touches and remains for forty-eight hours at some port elsewhere, report the death of the Seaman or

Apprentice to the Indian Consular Officer at that port and, if required, shall hand over the property of the deceased to that officer. Thereupon he shall obtain, endorsed on the Agreement, a certificate from that Officer stating that he has received the property of the deceased Seaman or Apprentice.

17. Within forty-eight hours of the Ship's arrival at her final port of destination, in India or upon the discharge of the Crew, whichever first happens, the Master should deliver to the Shipping Master the Agreement, and the Official Log Book, an account of the wages and effects of any Seaman or Apprentice who has died on board during the voyage, whether he formed part of the Crew or not, any effects and the balance of wages or other moneys belonging to any such Seaman or Apprentice. The Master should also deliver to the Shipping Master Certificate (Masters', Mates', Engineers' or Radio Officers') of any Officer who has died or deserted during the voyage. The Shipping Master will then give a Certificate for the purpose of clearance inwards.

18. If the Master fails to take charge of the money or effects of a Seaman or Apprentice dying during a voyage or to make proper entries in respect thereof in the Official Log-Book, or to make such payment or delivery or to give such account as hereinbefore stated, he shall be accountable for the money, wages and effects of the seaman or apprentice to the Shipping Master as aforesaid, and shall pay and deliver the same accordingly. Such Master shall in addition incur a penalty which may extend to three times the value of the property not accounted for or if such value is not ascertained, to five hundred rupees, but such penalty shall not affect the Master's liability to account for the property not accounted for. All money, wages and effects of any Seaman or Apprentice dying during the voyage shall be recoverable in the same Court and in the same manner in which wages of Seamen may be recovered under the Merchant Shipping Act, 1958.

VIII. Discharge of Seamen and payment of wages

19. The Crew of every foreign-going ship, if discharged in India, must be discharged and paid their wages in the presence of a Shipping Master. A contravention of this provision renders the Master or Owner liable to fine which may extend to one hundred rupees.

20. The Master shall give every seaman (or leave with the Shipping Master on his behalf), an account, in the form prescribed, of his wages and of all deductions to be made therefrom, at least twenty-four hours before the time of payment or discharge, under a penalty of fifty rupees for non-compliance. Deductions for fines, forfeitures, etc., which are sought to be made in this account must be proved by proper entries made in the Official Log Book.

21. Upon paying off or discharging any seaman, the Master is bound, under a penalty which may extend to two hundred rupees, to give the seaman a Certificate of Discharge and to return to any certificated Officer upon his discharge his Certificate of Competency or Service.

22. Upon such paying off or discharge of any Seaman, the Master is required to enter in the Official Log Book a statement of character for ability and general conduct or a statement that he declines to give an opinion on such particulars. In the latter case, the reason for so declining shall also be recorded.

23. Upon payment of wages being effected the Officer before whom seamen are discharged will require the seamen to sign in his presence a release from all claims in respect of the voyage just finished, subject to the right of any Member of the Crew to except from the release signed by him any specified claim or demand in accordance with the provisions of Section 130 of the Merchant Shipping Act, 1958 (See page..... columns 22 to 24).

In the said rules,

(1) for rules 10 to 17, the following rules shall be substituted, namely:—

10. **Prescribed Tests.**—Every candidate for a certificate of competency must pass the prescribed sighttest before a certificate can be issued to him. A person desirous of being examined in sighttest must make an application to the examiner in Form 2A and pay a fee of Rupees Two to the Principal Officer, Mercantile Marine Department, Madras.

NOTE.—Detailed information with regard to the conduct of examination and the standards required is contained in Appendix 'G'.

11. (a) **Letter test.**—Every candidate for a certificate must undergo the letter test.

(b) **Lantern test.**—Every candidate must undergo the lantern test on every occasion on which he presents himself for examination for his first certificate of competency; but, if he then passes, he shall not be required to undergo lantern test on any subsequent occasion.

12. (a) **Passing or failure in examination—Letter test.**—If the candidate passes the letter test, he will proceed to the lantern test, unless he holds a certificate of competency. If he fails in the letter test, he may—

(i) Proceed to the lantern test, in which case the result of both tests will be taken into consideration in deciding whether he is to be passed; or

(ii) break off the examination and present himself for re-examination in not less than three months' time.

(b) **Lantern test.**—If the candidate passes the lantern test after passing the letter test, he shall be deemed to have passed the examination.

(i) If the result of the lantern test is inconclusive, or if the candidate passes after failing in the letter test, his case shall be submitted on the prescribed form known as Exn. 17(b) to the Principal Officer, Mercantile Marine Department, Madras District, who shall decide whether he has passed or failed, or whether he shall be referred for a special examination.

(ii) If the candidate fails to pass a lantern test, the examiner shall point out to him the conditions stated in Rule 14 under which he can appeal. Appeals shall be made to the Principal Officer, Madras.

(iii) A candidate who fails to pass the lantern test shall not be re-examined unless the Principal Officer decides that he may be re-examined after a lapse of three months. The certificate in the Form (Exn. 16A) which is issued to the candidate will state whether he may or may not be re-examined.

14. **Special examination: Appeal cases.**—A candidate who is adjudged to have failed in the lantern test may appeal to the Principal Officer who will remit the fee to a special body of examiners for decision. Such candidate shall be required to pay a special fee of Rs. 32 which will be returned to him if he is declared to have passed the special examination.

15. **Special examination: Candidates must attend punctually.**—Candidates who are referred for a special examination or who appeal from the result of the local tests will be notified by the Principal Officer, Madras of the time at which they should attend for special examination and are expected to inform the Principal Officer whether or not they will be able to attend at that time. it will be open to him, if he so desires to present himself for a second special examination on payment of a fee of rupees seventy-five. Such candidate shall be required to bring with him a friend to witness the examination. (3) after appendix F, the following appendix shall be inserted, namely:—

APPENDIX 'G'

SIGHT TESTS

Details as to the conduct of the tests

The object of these tests is to ensure that the candidate's eyesight is sufficiently good to enable him to pick up and identify correctly the lights of distant ships. Experience has shown that for this purpose he must be able to reach certain minimum standards both of form and colour vision.

The tests employed are two, a Letter Test and a Lantern Test, details of which are given below. The Letter Test is a test of form vision only, and the Lantern Test is a test of form and colour vision combined.

The tests must be conducted under the strict personal supervision of the Examiner. A careful record must be kept of all mistakes made by the candidate both in the letter test and in the Lantern test.

Each Examiner shall keep a record of all candidates passed by him for reference when required.

Spectacles not allowed.—During the examination in the sight tests candidates shall not be allowed to use spectacles or glasses of any kind or any other artificial aid to vision. They will, however, have the option of using either eye separately or both eyes together.

1—LETTER TEST

1. Letter test to be taken first.—The first test which the candidate is required to undergo is the letter test.

2. Apparatus used.—The letter test to be used for all candidates is that conducted on Snellen's principle by means of sheets of letters.

3. Standard of vision required.—With the exception indicated below (see paragraph 6), every candidate will be required to read five of the six letters in the sixth line and four of the seven letters in the seventh line, using either eye or both eyes at his option.

4. Method of testing.—The test sheets should be hung on the wall in a good light, but not in direct sunlight, at a height of five or six feet from the ground. The candidate should be placed at a distance of exactly 18 feet from the sheets and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed, and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least five letters in the sixth line and four letters in the seventh line of a sheet, the candidate may be considered to have normal vision, and should be marked "passed" in the appropriate column of the form of application (Exn. 2-B).

5. *Passing or failure.*—If at the conclusion of the test the candidate is found to reach required standard he may be considered to have passed, and the Examiner should proceed with the lantern test, unless the candidate fails to reach the standard required for the certificate entered for, he should be tested with at least four sheets, and the Examiner should record on the prescribed form known as Exn. 17(b) the number of mistakes made in each line of each sheet, and explain to the candidate the alternatives mentioned in rule 12(a).

Failure to pass letter test is due to some defect in form vision, and such defects are sometimes curable. Whenever, therefore, a candidate fails to pass this test the Examiner should advise him to consult an ophthalmic surgeon with a view to ascertaining what is the nature of the defect in his form vision and whether it is curable.

6. *Lower standard required in certain cases.*—Candidates who are in possession of certificates obtained before January 1st, 1914, may be regarded as passing the letter test if they can read correctly with both eyes at least three of the five letters in the fifth line of a test sheet.

7. *Tests to be varied.*—The examiner should take care by varying the order of the test sheets and by every other means in his power, to guard against the possibility of any deception on the part of the candidate.

II—LANTERN TEST

2. *Apparatus.*—A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly ten feet from the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed from the position of the candidate on the left of the lantern. The examiner should always satisfy himself that these conditions are fulfilled before commencing the examination.

3. *Darkness adaptation.*—If a candidate makes mistakes at the beginning of the lantern test he should be kept in a completely or partially darkened room for at least quarter of an hour and should then begin the test again.

Before the examination commences the Examiner must satisfy himself that the room, in which it is conducted is so darkened as to exclude all daylight.

10. *Method of testing.*—The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible and is fitted with 12 glasses of three colours red, white and green. At the commencement of the examination the Examiner should show to the candidate a series of lights through the large aperture, and should require him to name the colours as they appear to him. Care should be taken in showing the white light to emphasise the fact that the light is not a pure white. If a candidate makes mistake of calling this light "red" proper red light should be shown immediately after and the candidate's attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the Examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colours of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being learnt, the Examiner should at least twice in each circuit go back varying number of colours.

A record of any mistakes made with either the large aperture or the two smaller apertures should be kept on prescribed Form known as Exn. 17(b) in accordance with the instructions thereon.

11. *Passing or failure.*—If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red, he should be considered to have "failed" in the lantern test.

If the only mistake made by the candidate with the lantern is to call white light "red" and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature he shall be considered to have passed in the lantern test.

If a candidate makes any other mistake with the lantern, i.e., if he calls white "red" repeatedly or red "white" at all, or confuses green and white his case shall be reported to the Government of India and he should be told that the decision as to whether he is passed or failed, or must undergo a further examination will be communicated to him in due course. Pending the receipt of the Government of India's instructions such a candidate should only be allowed to proceed with the remainder of the examination for a certificate of competency on the express understanding that the latter examination will be cancelled in the event of failure in the sight Tests.

12. *Further examination and appeals.*—If in the cases covered by the preceding paragraph the Principal Officer decides that a further examination, is necessary arrangements will be made for a special examination.

If, however, on the report of the examiner, the Principal Officer decides that the nature of the mistakes made shows conclusively that a candidate's sight is defective as to render him unfit to hold a certificate, the candidate shall be considered to have failed.

In cases where, upon the report of the Examiner, a candidate is plucked by the Principal Officer, as well as in the case of a special examination, the Government of India may allow a candidate who is dissatisfied with this decision to appeal for a further examination, subject to the conditions set out in rule 9.
